

If you would like to look at the documents that may be available for a Waste Cleanup, Solid Waste, Hazardous Waste or Storage Tanks facility in our online OCULUS database online, you can follow the steps below to access the documents on the OCULUS website from the facility ID.

1. The link to the Department's OCULUS data base is <http://dwmedms.dep.state.fl.us/Oculus/servlet/login>
2. To Login – Click the ‘Public OCULUS Login’ button
3. On the top left side, select the catalog for the program area that the facility ID is for ie. Waste Cleanup
4. Under search by – drop down to property instead of profile
5. Under Property highlight Facility-Site ID
6. In the box in the middle of the page on the left Type in the facility ID for the site (Example: COM\_231109) and click search (twice).
7. To put the documents in date order, click on the column header for Document Date
8. Click the line you want to look at
9. Click the Select button on the top left to open the document
10. There may be more than one page of documents. If you scroll over to the right side of the page at the top you can see how many pages of documents are available and click to go to the next page.

**“The entire file may not be available in OCULUS. Depending on the site and program area only the most recent documents may be available in OCULUS”**

You can also access a small amount of some of the most recent documents for the water programs: NPDES Storm Water, Potable Water Systems, Underground Injection Control, Wastewater, Water Facility Funding, and Water Supply Restoration, through a different OCULUS link following the same directions as above:
