

Primary Care Access Benchmarking Survey

Thank you for taking this survey! Our goal is to obtain a set of benchmarks for primary care access for independent and employed medical groups. This survey will ask for a series of access metrics for your family medicine, internal medicine, and ob/gyn practices. If you do not have an exact answer to a question, providing an estimate is fine. You're also welcome to leave any questions blank that you do not know the answer to. If you have any questions or would like a custom link to the data submission portal, please email Sarah Hostetter at hostetts@advisory.com.

Organization Name: _____

Your Name: _____

Requested Demographic Data	Current Information
What is the primary state in which your group operates?	
Which of the following best describes your medical group?	<p><i>Place an "X" next to either:</i></p> <p>_____ Employed by a health system</p> <p>_____ Independent</p>
How many physicians are employed by your medical group (headcount) in each of the following areas?	<p>Total: _____</p> <p>Family medicine: _____</p> <p>Internal medicine: _____</p> <p>Ob/gyn: _____</p>

Requested Metric	Family Medicine	Internal Medicine	Ob/Gyn
<p>What is the average length of time <u>in days</u> to the third next available appointment for the following types of patients?</p> <p><i>Third next available appointment is the average length of time in days between the day a patient requests an appointment with a provider and the third next available appointment (rounded to the nearest full day).</i></p>	<p>New patients: _____</p> <p>Established patients: _____</p>	<p>New patients: _____</p> <p>Established patients: _____</p>	<p>New patients: _____</p> <p>Established patients: _____</p>
<p>What is the average time to appointment <u>in days</u> for the following types of patients?</p> <p><i>Time to appointment is the number of calendar days from when an appointment is scheduled to the appointment date.</i></p>	<p>New patients: _____</p> <p>Established patients: _____</p>	<p>New patients: _____</p> <p>Established patients: _____</p>	<p>New patients: _____</p> <p>Established patients: _____</p>
<p>What percent of new patients are scheduled within 7 days of an appointment request?</p>			
<p>What percent of appointment slots went unused in the past year?</p> <p><i>Unused appointment slots refers to the percent of total appointment slots that were left open/not booked in the past year.</i></p>			
<p>What percent of total scheduled visits were canceled by the patient before the visit in the past year?</p>	<p>Cancelled ≥ 24 hours before visit: _____</p> <p>Cancelled < 24 hours before visit: _____</p>	<p>Cancelled ≥ 24 hours before visit: _____</p> <p>Cancelled < 24 hours before visit: _____</p>	<p>Cancelled ≥ 24 hours before visit: _____</p> <p>Cancelled < 24 hours before visit: _____</p>
<p>What was the no show rate in the past year?</p> <p><i>No show rate is the percent of total scheduled visits for which the patient did not contact the clinic location and did not attend the appointment in the past year.</i></p>			
<p>What was the patient composition for each practice group in the past year?</p> <p><i>New and established patient percentages should equal 100%.</i></p>	<p>Percent new patient visits: _____</p> <p>Percent established patient visits: _____</p>	<p>Percent new patient visits: _____</p> <p>Percent established patient visits: _____</p>	<p>Percent new patient visits: _____</p> <p>Percent established patient visits: _____</p>
