<sup>1</sup>Federal rate for “additional two cents”: The higher federal reimbursement rate and higher total payments are paid for all lunches if the school food authority served 60 percent or more free/reduced price lunches in SY 2017-2018 (at all sites combined). To check whether a school food authority is approved for the higher rate, refer to the SY 2019-20 sponsor application in CLiCS.

<sup>2</sup>State payment for reduced-price lunches: Reduced-price lunches receive 40 cents of state reimbursement (in addition to the 12.5 cents received for all lunches) so that lunches can be served at no charge to students approved for reduced-price meals, as provided by state law. Although these meals are served at no charge, they must be claimed for reimbursement as reduced-price lunches so that the correct federal and state reimbursements are paid.
