6	Vaccine	Up to Date	Medical Exemption	Religious Exemption	Provisionally Enrolled	Incomplete Record/ No Record	Total
a	Tdap						
b	Meningococcal						

Instructions: For each vaccine type, enter the number of students who fall into each category. The row total **MUST** equal total enrollment.

Example: In this scenario, total enrollment was listed as 25 students in question 2.

6	Vaccine	Up to Date	Medically Exempt	Religious Exemption	In Process	Incomplete Record/ No Record	Total
a	Tdap	17	1	2	0	3	25

- **Up to Date** includes students who have received the required number of doses. Students with documentation of proof of immunity to measles, mumps, rubella, and/or varicella should be counted as "Up to Date"
- **Medical and religious exemptions** include students with both exemptions to all vaccines, and vaccine specific exemptions.
- **Provisionally Enrolled - MUST be on a physician approved catch-up schedule.** Previously called "in-process," this status includes children who have had at least one in a series of immunizations but cannot complete the series due to minimum dose intervals. To remain provisional enrollment status, they must complete the series at minimum dose intervals. While these children are considered compliant, they should still be reported as "Not Up to Date" in question 3d.
- **Incomplete Record/ No Record** - includes students who have submitted a certificate of immunization but have not received all the required immunizations for kindergarten attendance. This includes students who are missing all doses of a required vaccine, and those who have partially completed the series and are eligible to receive their next dose. Also includes students who are "Not Up to Date" because they have not submitted a certificate of immunization
