

Eligibility & Requirements

A critical component of the cross-campus Western Entrepreneurship ecosystem, the Western Accelerator is open to Western students, faculty, and recent alumni with an expectation of a full-time commitment. The Western Accelerator will provide an intense, rapid and immersive education for prospective entrepreneurs. Our goal is to accelerate the life cycle of high potential ventures and to compress a year's worth of learning into a few months for their entrepreneurs.

Entrance to the Accelerator is a competitive process, accepting 6-8 teams per cohort. During their time in the accelerator, teams will:

- Receive a stipend of \$3,000 per month.
- Benefit from weekly programming: half-day educational sessions on leadership, sales, investors, pitch skills, etc. as well as mentoring sessions with successful entrepreneurs.
- Join networking events with successful entrepreneurs, industry experts, investors and service providers.
- Participate in "Pitch Day" at the end of program—a dynamic event where teams deliver their idea and business plans to an audience from the local entrepreneurship, business and investment communities.
