

Privacy Statement

Please note that:

- This is a research project and is in no way intended to promote or influence your opinions.
- Your identity and any information provided will be protected and treated as confidential and your responses are confidential.
- Your responses are anonymous and will be aggregated with others' taking part in this survey and no response will be identifiable to you or your organization.
- Data from this survey will be analysed and published in the UK Civil Nuclear R&D Landscape Survey 2023 report. Your or your organization's participation will not be identifiable as part of this.
- Your information will only be used for the purpose of this research and will not be passed onto any other organization.
- You may be recontacted for a follow-up interview, only if you agree to this within the survey.
- Madano strictly follows GDPR guidelines in all aspects of data use including collection and storage. Survey data will be saved securely for as long as it is needed for legitimate business purposes in accordance with applicable laws and regulations.
